

clearzoning

Which *clearzoning* level is right for your community? All *clearzoning* levels have a similar layout and appearance. The primary difference between the levels is the number of hyperlinks and the number of illustrations. See the descriptions below for more information.

GOLD

The *clearzoning* code, **gold** edition, will include:

- Definition illustrations
- All terms will be searchable
- Zoning District illustrations – one for each district
- Use District Matrix
- Landscape and parking standards illustrations
- The legend of the zoning map will include hyperlinks from the legend block back to the district standards
- Side tabs on each page will be hyperlinked to the main subsections of the ordinance
- Three bottom buttons will link to the zoning map, table of contents, and info page
- Additional illustrations and hyperlinking to be determined
- The detailed table of contents will be hyperlinked to each appropriate page
- The master Definition page will be hyperlinked to each definition
- “Principal uses” and “Special Land Uses” will have individual hyperlinks to the standards for those uses
- All suggested references will be hyperlinked to the appropriate section

SILVER

The *clearzoning* code, **silver** edition, will include:

- Definition illustrations
- All terms will be searchable
- Zoning District illustrations - one for each district
- Use District Matrix
- Landscape and parking standards illustrations
- The legend of the zoning map will include hyperlinks from the legend block back to the district standards
- Side tabs on each page will be hyperlinked to the main subsections of the ordinance
- Three bottom buttons will link to the zoning map, table of contents, and info page.
- Additional illustrations and hyperlinking to be determined
- The detailed table of contents will be hyperlinked to each appropriate page
- The master Definition page will be hyperlinked to each definition

BRONZE

The *clearzoning* code, **bronze** edition, will include:

- Definition illustrations
- All terms will be searchable
- Zoning District illustrations – one for each district
- Use District Matrix
- Landscape and parking standards illustrations
- The legend of the zoning map will include hyperlinks from the legend block back to the district standards
- Side tabs on each page will be hyperlinked to the main subsections of the ordinance
- Three bottom buttons will link to the zoning map, table of contents, and info page.

clearzoning lite

Looking for a streamlined option to add many *clearzoning* features, but at a reduced cost? *Clearzoning lite* maintains the existing text and structure of your current code, but adds side tabs, a word search function, zoning district and definition illustrations and other features.

Also Available Now: *clearzoning Platinum*

The *clearzoning* platinum edition includes all the features of *clearzoning gold*, plus custom links and features make this version even more connected. For example, link a zoning code to site plan review forms that can be filled out online, link zoning regulations to Master Plan concepts and policies, or direct users through a hyperlink to subdivision regulations and wetlands provisions. The connections are customized to fit the needs of each community.
